# Contents

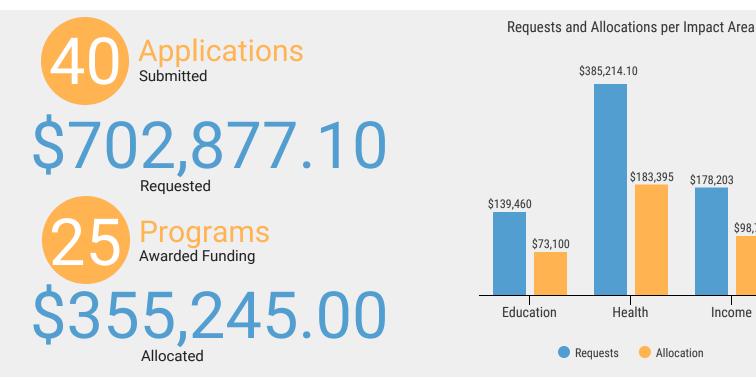

#### **Our Approach**

This approach engages the entire community, individuals, groups, and organizations in the work of identifying community priorities. Our process:

- Listens to the community
- Identifies pressing issues and priorities
- Develops change strategies
- Defines expected outcomes
- Activates resources to support this work

## **Community Impact Summary**

United Way of North Central Iowa invests into Education, Income, and Health programs that specifically target Childhood Success, Youth Success, Economic Mobility and Access to Health. We operate an open application process based on a yearly funding cycle. Each funding decision is based on the highest priority needs in north central lowa, with each applicant required to submit an application for funding and present to Community Impact Volunteers. Applications are evaluated and prioritized by Community Impact Volunteers. Allocation recommendations are made by the Community Impact Team Executive Committee and submitted to be finalized by the United Way of North Central Iowa Board of Directors.

## **Volunteer Reviewers**

A core tenet of United Way of North Central Iowa is that funding raised in our community is allocated by community. To accomplish this goal, United Way relies on volunteer reviewers known as the Community Impact Team. Community Impact Team members carefully evaluate applications and make funding recommendations based on community need.

Volunteers were comprised of residents representing Cerro Gordo, Floyd, Franklin, Hancock, Kossuth, Mitchell, Winnebago, and Worth Counties. Volunteer vocations were represented throughout the region.

## **Review Process**

#### **1. Application Review**

Volunteers were assigned 4-7 applications based on impact area. Volunteers read each application assigned to them prior to group discussion meetings. Evaluations were submitted through e-CImpact prior to applicant presentations to assess the strength of the application. Scores were based on Program Design, Program Outcomes, and Program financials.

#### 2. Presentations

Applicants were invited to present to the Community Impact Team their application has been assigned to. Applicants are sent questions ahead of time and given time to address any questions the CIT may have. They are also given time to elaborate on their program, agency, or application. After presentations are complete, volunteers submit their funding priorities through e-CImpact. Applications are given a funding priority of High Priority, Moderate Priority, Low Priority, or Do Not Fund. This ranking is given a group average and submitted along with evaluation scores, group comments, and applicant questions to the panel chair as information to take to the Executive Committee Meeting.

#### **3. Executive Committee**

The Executive Committee, comprised of representatives of each panel, reviews the applicants as an entire group. Taking into account the information provided from each panel, the group makes allocation recommendations. Once allocations are completed, they are sent to the Board of Directors to be finalized.

In Community-Based, a match spends time at sports events, library, eating out, bowling or fishing, the park, baking, watching movies, finding ways to have meaningful time together. In School-Based, Bigs meet at the Little's school and read books, do homework or school projects, play board games, make crafts, shoot hoops, and just talk.

#### Cedar Valley Friends of the Family-Rapid Housing Initiative

The goal of the program is to end homelessness in North Central Iowa by offering an effective homeless program. Participants take an initial assessment, secure housing, and receive case management while we provide rent/utility assistance. FOF operates under a "Housing First" model which aims to house people first, and allow them time to meet their basic needs such as employment and mental health. Weekly case management visits include budgeting, problemsolving, connecting to resources, and more.

#### Charlie Brown Community Day Care-Child Care Assistance for Low-Income Families

The purpose of this program is to serve families who are struggling to pay for child care when trying to seek or begin employment and need quality child care for their children. Currently, the Department of Human Services (DHS) requires a 30-45 day waiting period for anyone who is applying for assistance for child care. This makes it nearly impossible for someone who cannot afford child care to begin a new job and it also makes it hard for employers to keep employees.

#### Community Health Center of Fort Dodge-Mason City

The CHCFD served 6,787 patients with 22,131 visits in 2017. A new clinic opened at 404 N. Federal Ave. in Mason City, lowa on October 1, 2018. Services that are currently provided include, but are not limited to, primary care, laboratory, radiology, screenings, emergency coverage, voluntary family planning, immunizations, well child services, OB/GYN care, dental, mental health, substance abuse, pharmacy, nutrition, case management, eligibility assistance, health education, and transportation. United Way funding will be used to purchase dentures. The dentures will be used for those individuals identified through external referrals from the emergency room or other primary care providers or through self-referral to the CHCFD's clinic in Mason City. Dentures will be provided to those residents that are most in need and without the resources to purchase the dentures with their own funds, including those without insurance coverage.

#### Community Kitchen-Nutritional Meals for those in Need

The Community Kitchen works to meet the hunger needs of people in the North Iowa area. Located in Mason City, the Kitchen provides a noon meal, six days a week, including Saturdays. We serve four evenings each week. Food and supplies are provided to Clear Lake, which serves evening meals on Monday, Wednesday, and Friday at the United Methodist Church. The Kitchen provides bread to individuals who stop in and to the Clear Lake Food Bank.

#### Crisis Intervention Services (CIS)-Domestic Violence and Sexual Assault Prevention

Crisis Intervention Service provides a variety of evidence & research based violence prevention & education programming for all age levels. Programming addresses individual, relational, community and societal levels. Prevention is the key to reducing abuse, but it takes time. The results of violence prevention are not immediate. While program results may see small individual changes tomorrow, it will take 10+ years of deliberate prevention programming to impact meaningful social change.

### Crisis Intervention Services (CIS)-Domestic Violence, Sexual Assault and Other Violent Crimes Intervention

CIS provides a holistic approach, blending prevention, education, crisis response, supportive services, housing assistance, community organizing and collaborative partnerships to better meet the needs of victims of violence in North Central lowa. Using evidence-based approaches, iJAG identifies students facing significant life challenges and provides daily tutoring, counseling, mentoring and job-skill training to support graduation and adult self-sufficiency.
